

LEISURE ELITE

ASIS

The ASIS luxury leisure line has been designed for the discerning boating enthusiast who is looking for style and sleek good looks as well as safety and performance. Combining an esthetic, comfortable and lavish deck with a deep V-hull that offers great performance in even the heaviest seas, we can clearly state that this is the most relaxing and best handling boat in the industry.

In a world of rugged every day Rib's, the Elite models personify luxury and distinction. The sophisticated modern design incorporating special pilot & co-pilot bucket seats and bench seating, extensive under-deck storage shower, teak decking and many more extras as well as the state of the art design of the front deck that allows you to sunbath while enjoying a relaxing ride or even sit comfortably and eat on the foldable table that comes out from the floor set the Elite range apart from other similar boats.
